INTEGRATING
KNOWLEDGE
AND PRACTICE

The foundation-level course of the **VVAA** consists of six days of training, presented annually, in three, two-day sessions. Coursework features lectures, activities, and case studies that draw on your professional knowledge while emphasizing best collaborative practices.

Session I:

Overview of the Criminal Justice System, Working with Underserved Victims of Crime

Session II:

Crimes (DUI & Homicide), Co-Victimization, Financial Assistance, Human Trafficking, Mental Health and Substance Abuse

Session III:

Exploring the Dynamics of Interpersonal and Family Violence

The Vermont Victim Assistance Academy

is designed to help address the need to coordinate services across systems. The training has been designed with input from survivors and professionals in the field of victim services. It addresses a broad range of victim-related issues for all professionals whose work touches victims/survivors.
